Dear Prof Dieter Scholz,

RMIT UNIVERSITY EXAMINATION DUE 13 NOVEMBER 2020 -
CANDIDATE: DOMINIK FINGER

Thank you for agreeing to act as examiner for RMIT University in respect of the following thesis:

TITLE: _Methodology for Multidisciplinary Aircraft Design under Consideration of Hybrid-Electric Propulsion Technology

AWARD: Doctor of Philosophy

CANDIDATE: Dominik Finger

SENIOR SUPERVISOR: Professor Cees Bil

We will now send you a separate email with a SharePoint link to access:

- * The candidate's thesis
- * The candidate's research output declaration (if applicable)
- * An examiner's report form
- * An honorarium claim form
- * The RMIT guidelines for examiners

...

Please complete and return the report and claim forms by email, together with your written report, no later than 13 NOVEMBER 2020. This thesis examination will not comprise an oral component or viva, and your report should be based on the written work alone. Please note, it is not appropriate to contact RMIT University academic staff or the candidate regarding the examination or the examination process. As the examination is a confidential process, please correspond only with the School of Graduate Research Examinations Office until the outcome is confirmed. Please confirm you have received this email and do not hesitate to contact me should you have any questions.

Yours sincerely,

...
