2ACM0059 - Dynamics, Instrumentation And Control Systems (Semester A 2005/6)

MODULE

2ACM0059 (A 05/6)

Dynamics, Instrument...

[Add to favourites](#)

Welcome to the Dynamics, Instrumentation and Control Systems course website. On the site you will find copies of the Teaching plan, lecture notes, assignments, lab sheets, reading list and announcements. Some staff also intend putting copies of lecture slides on a week by week basis which might be worth saving on a CD or on your harddisk if working from home. So please try to get into the habit of checking the website regularly.
