Location: ZAL TechCenter  
Hein-Saß-Weg 22, D-21129 Hamburg  
Auditorium

ZAL TechCenter • Hein-Saß-Weg 22  
Hamburg-Finkenwerder • Germany

Tuesday 23 April 2019 • 16:00

**PEER SUPPORT:  
MANAGING THE EXPECTATIONS**

Results of the Task Force after the GermanWings Accident in 2015 led to new EASA Regulations. These have to be implemented by August 2020. One of their main focusses is based on Peer Support Programmes (PSP). EPPSI, being part of the advisory body, supported EASA with expertise from running PSPs for 25+ years. The expectations of the public and the industry need a realistic consideration:

**What are prerequisites of PSPs, what is lifelike, what can be achieved, how?**

**What is wishful thinking, where are limits?**

Where Control is fair and Trust is just

A LECTURE GIVEN BY

Flight Captain **Hans RAHMANN**  
• Director Mayday Foundation, former Lufthansa pilot
