As in previous years, EWADE follows its [Archiving Strategy](#). This is how publications from 2017 will also look like these: <http://ProceedingsEWADE2013.AircraftDesign.org>. For proper online archiving, **authors should include a one-paragraph abstract, keywords, the CC BY logo, and CC BY link into their presentation**. Otherwise, authors will just use their respective institutional layout for their presentation. Authors will deliver their presentation as a PowerPoint-File or **PDF/A-File** during the workshop before presenting. "[Information for Authors: Producing PDF/A](#)" provides help on this. Authors agree that their EWADE contribution will be published by Dieter Scholz on their behalf with the [CC BY](#) license. Authors retain the copyright of their publications.
